INVESTMENT OBJECTIVE

The AS Forum BCI Aggressive Fund of Funds is an aggressive managed fund of funds. The primary investment objective of the portfolio is to provide the investor with high capital growth over the long term.

INVESTMENT UNIVERSE

The portfolio is suitable for the investor looking for aggressive capital accumulation. The maximum equity exposure within the portfolio will be limited to 75%. Investments will be made across a spread of asset classes and (apart from assets in liquid form) invest in equity securities, property securities and non-equity securities. The fund may make use of both domestic and global managers. The asset allocation is compliant with Regulation 28 of the Pension Funds Act.

RISK PROFILE RANGE

Medium - High Risk

- This portfolio holds more equity exposure than a medium risk portfolio but less than a high-risk portfolio. In turn the expected volatility is higher than a medium risk portfolio, but less than a high-risk portfolio. The probability of losses is higher than that of a medium risk portfolio, but less than a high-risk portfolio and the expected potential long term investment returns could therefore be higher than a medium risk portfolio.
- Where the asset allocation contained in this MDD reflect offshore exposure, the portfolio is exposed to currency risks.
- The portfolio is exposed to equity as well as default and interest rate risks.
- Therefore, it is suitable for medium to long term investment horizons.

Risks
Where foreign securities are included in the portfolio there may be additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information. Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors.

Total Expense Ratio (TER)
Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER’s. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The prior year (“PY”) TER and Transaction cost calculations are based upon the portfolio’s direct costs for the financial year ended 30 June 2020, whilst the underlying portfolios’ ratio and cost calculations are based upon their most recent published figures, being 30 June 2020.

Effective Annual Cost: Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost (“EAC”). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at www.bcis.co.za.

#Fixed Administration Fee: R15 excluding VAT. (Applies to all accounts with balances of less than R100 000 at month end)

Fund
Total Expense Ratio (TER): Of the value of the Fund was incurred as expenses relating to the administration of the Fund.
Transaction Cost (TC): Of the value of the Fund was incurred as cost relating to the buying and selling of the assets underlying the fund.
Total Investment Charges (TER & TC): Of the value of the Fund was incurred as cost relating to the investment of the Fund.

FAIS Conflict of Interest Disclosure
Please note that your financial advisor may be a related party to the co-naming partner and/or BCI. It is your financial advisor’s responsibility to disclose all fees he/she receives from any related party. The portfolio’s TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and LISP rebates, if applicable. The portfolio’s performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge and performance fees where applicable. In some instances portfolios invest in other portfolios which form part of the BCI Scheme. These investments will be detailed in this document, as applicable.
