INVESTMENT OBJECTIVE
The objective is to provide investors with a diversified exposure to the South African bond market and aims to offer a balance between capital growth and income for a maximum overall return.

INVESTMENT POLICY
The portfolio uses aggressive duration positioning, active credit and other yield enhancement strategies to maximize returns. The portfolio invests across the full spectrum of the yield curve. The composition of the underlying investments is actively managed and will change over time to reflect the current assessment of interest rate trends. The portfolio focuses on yield enhancement by investing in sector bonds, as well as non-government bonds. Investments to be acquired for the portfolio may include property securities, property related securities, interest bearing securities and instruments, non-equity securities, money market instruments, preference shares, derivatives and assets in liquid form. The portfolio may also invest in participatory interests and other forms of participation in portfolios of collective investment schemes. The portfolio may from time to time invest in listed and unlisted financial instruments.

INFORMATION AND DISCLOSURES

Risks

Certain investments - including those involving futures, options, equity swaps, and other derivatives may give rise to substantial risk and might not be suitable for all investors. Where foreign securities are included in the portfolio there may be additional risks such as potential constraints on liquidity and repatriation of funds, macroeconomic risk, political risk, foreign exchange risk, tax risk, settlement risk as well as potential limitations on the availability of market information.

* Total Expense Ratio (TER)

Please note: A higher TER ratio does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER cannot be regarded as an indication of future TER’s. Transaction Costs are a necessary cost in administering the Fund and impacts Fund returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Fund, the investment decisions of the investment manager and the TER. The prior year (“FY”) TER and Transaction cost calculations are based upon the portfolio’s direct costs for the financial year ended 30 June 2020, whilst the underlying portfolios’ ratio and cost calculations are based upon their most recent published figures, being 30 June 2020.

Effective Annual Cost:

Boutique Collective Investments adopted the ASISA Standard on Effective Annual Cost (“EAC”). The EAC measure allows you to compare charges on your investments as well as their impact on your investment returns prior to investing. For further information regarding the ASISA Standard on Effective Annual Cost and access to the EAC calculator please visit our website at www.bcis.co.za.

3Monthly Fixed Admin Fee: R15 excl. VAT which will apply to all direct investor accounts with balances of less than R100 000 at month end, unless an investor transacts online, in which case no such fee will be levied.

FAIS Conflict of Interest Disclosure

Please note that your financial advisor may be a related party to the co-naming partner and/or BCI. It is your financial advisor’s responsibility to disclose all fees he/she receives from any related party. The portfolio’s TER includes all fees paid by portfolio to BCI, the trustees, the auditors, banks, the co-naming partner, underlying portfolios, and any other investment consultants/managers as well as distribution fees and ILS rebates, if applicable. The portfolio’s performance numbers are calculated net of the TER expenses. The investment manager earns a portion of the service charge and performance fees where applicable. In some instances portfolios invest in other portfolios which form part of the BCI Scheme. These investments will be detailed in this document, as applicable.
