Portfolio profile

The Fund is a Rand denominated offshore portfolio providing exposure to global equity markets and the potential for significant substantial capital growth in hard currency terms over time. The portfolio is suited to investors with a high risk profile with a tolerance for capital volatility over the short to medium term.

Investment strategy

The Fund invests, other than liquid assets, solely in the Momentum Global Growth Fund ICC an offshore multi-manger fund which invests across regions. The fund provides investors with protection against Rand depreciation and the potential to grow their capital in hard currency terms over time.

Specific risks

This portfolio is permitted to invest in foreign securities which, within portfolios, may have additional material risks, depending on the specific risks affecting that country, such as: potential constraints on liquidity and the repatriation of funds; macroeconomic risks; political risks; foreign exchange risks; tax risks; settlement risks; and potential limitations on the availability of market information. Fluctuations or movements in exchange rates may cause the value of underlying international investments to go up or down. Investors are reminded that an investment in a currency other than their own may expose them to a foreign exchange risk.

Portfolio objective/investment policy

The objective of the Momentum International Equity Feeder Fund is to generate long term capital growth and offer investors offshore diversification and exposure to global equity markets. The portfolio will apart from assets in liquid form, invest solely in the participatory interests of the Momentum Global Growth Fund IC Ltd (changed name from Global Equity in 2014) established under the Momentum Mutual Fund ICC Limited (Guernsey) scheme. This portfolio invests in participatory interests of underlying portfolios that provide exposure to investments across a broad range of asset classes, currencies and market sectors, operated in territories with a regulatory environment which is of a sufficient standard to provide investor protection at least equivalent to that in South Africa. Nothing shall preclude the manager and the underlying manager from varying the ratios of securities or assets in liquid form in a changing economic environment or market conditions, or to meet the requirements in terms of legislation and from retaining cash or placing cash on deposit in terms of the Deed and Supplemental Deed. The Trustee shall ensure that the investment policy is carried out. For the purpose of this portfolio, the manager shall reserve the right to close the portfolio to new investors. This will be done in order to be able to manage the portfolio in accordance with its mandate.

Portfolio limits and constraints

- Maximum exposure limits as per the ASISA fund classification structure.
- Portfolio must invest at least 80% of their assets outside South Africa at all times with no more than 80% exposure to a specific geographical region.

Disclosures

Momentum Collective Investments (RF) (Pty) Ltd (the "Manager"), registration number 1987/004287/07, is authorised in terms of the Collective Investment Schemes Control Act, No 45 of 2002 (CISCA) to administer Collective Investment Schemes (CIS) in Securities. The Manager is the manager of the Momentum Collective Investments Scheme, and MMI Holdings Ltd is a full member of the Association for Savings and Investment SA. Standard Bank of South Africa Limited, registration number 1962/000738/06, is the trustee of the scheme.

Momentum International Equity Feeder Fund is a portfolio of the Momentum Collective Investments Scheme and Momentum Outcome-based Solutions (Pty) Ltd, registration number: 2004/023064/07, an authorised financial services provider ("FSP") under the Financial Advisory and Intermediary Services Act No. 37 of 2002 ("FAIS"), FSP number: 19840, is the investment manager of this portfolio.

Momentum International Equity Feeder Fund is a Feeder Fund CIS portfolio. A Feeder Fund, apart from assets in liquid form, consists solely of participatory interest in a single portfolio of a CIS, which may levy its own charges, which could result in a higher fee structure for Feeder Funds than some other forms of CIS portfolios.

The Total Expense Ratio (TER) is the percentage of the net asset value of the class of the Financial Product incurred as expenses relating to the administration of the Financial Product. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. A current TER may not necessarily be an accurate indication of future TER's. The disclosed TER is shown as an annual percentage based on data for the period from 17 November 2015 to 30 September 2018. The Transaction Costs Ratio (TC) is the percentage of the net asset value of the Financial Product incurred as costs relating to the buying and selling of the assets underlying the Financial Product. Transaction costs are a necessary cost in administering the Financial Product and impacts Financial Product returns. The TC should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of Financial Product, the investment decisions of the investment manager and the TER. The disclosed TC is shown as an annual percentage based on data for the period from 17 November 2015 to 30 September 2018. The Total Investment Charges (TIC) is the sum of the TER and the TC and is shown as a percentage depicting the annual costs relating to the investment of the Financial Product. Cost ratios are calculated using historical actual and/or estimated data and are provided solely as an indication/guide as to the annual expenses/costs that could be incurred. These ratios do not represent any current/actual charges or fees.

All portfolio performance is calculated for a portfolio/portfolio class. Individual investor returns may differ as a result of fees, actual date(s) of investment, date(s) of reinvestment of income and withholding tax. Annualised returns, also known as Compound Annualised Growth Rates (CAGR), are calculated from cumulative returns; they provide an indication of the average annual return achieved from an investment that was held for the stated time period. Actual annual figures are available from the Manager on request. All portfolio performance figures quoted (tables and charts where present) are as at 31/01/2019, based on a lump sum investment, using NAV-NAV prices with income distributions reinvested on the ex-dividend date. CPI/Inflation figures, where present, are lagged by one month. Cash figures, where present, are STeFI Composite Index returns. All figures quoted in ZAR. Source: Morningstar and/or Momentum.

CIS are generally medium to long-term investments. The value of participatory interests may go down as well as up and past performance is not necessarily a guide to the future. CIS are traded at ruling prices and can engage in borrowing and scrip lending. The CIS may borrow up to 10% of the market value of the portfolio to bridge insufficient liquidity. Different classes of units apply to portfolios, which are subject to different fees and charges. Please note that VAT, applicable to fees and charges, with effect from 1 April 2018, increased from 14% to 15%. A schedule of fees and charges and maximum commissions is available on request from the Manager. The Manager reserves the right to close and reopen certain portfolios to new investors from time to time in order to manage them more efficiently in accordance with their mandate. Portfolios are valued daily at approx. 24h00, latest prices can be viewed at www.momentuminv.co.za and in some national newspapers. Forward pricing is used. Instructions must reach the Manager before 14h00 to ensure same-day value. The Manager does not provide any guarantee, either with respect to the capital or the return of this portfolio. Additional information on the proposed investment including, but not limited to, brochures, application forms and the annual report and any half yearly report can be obtained, free of charge, at www.momentuminv.co.za or on request from the Manager.
