INVESTMENT OBJECTIVE
The primary objective of the Optimum BCI Balanced Fund is to offer investors a moderate long term total return. The portfolio will be managed in compliance with prudential investment guidelines for retirement funds in South Africa to the extent allowed for by the Act.

INVESTMENT POLICY
In order to achieve its objective, the investments normally to be included in the portfolio may comprise a combination of assets in liquid form, money market instruments, interest bearing instruments, bonds, debentures, corporate debt, equity securities, property securities, preference shares, convertible equities and non-equity securities. The Manager may invest in participatory interests or any other form of participation in portfolios of collective investment schemes or other similar collective investment schemes as the Act may allow from time to time, and which are consistent with the portfolio’s investment policy. The portfolio may from time to time invest in listed and unlisted financial instruments, in accordance with the provisions of the Act, and the regulations thereto, as amended from time to time, in order to achieve the portfolio’s investment objective. The manager may also include forward currency, interest rate and exchange rate swap transactions for efficient portfolio management purposes.

The portfolio’s net equity exposure will range between 0% and 60% of the portfolio’s net asset value.

**RISK DISCLOSURE**

Medium Risk

This portfolio has a balanced exposure to various asset classes. It has more equity exposure than a low risk portfolio but less than a high-risk portfolio. In turn the expected volatility is higher than a low risk portfolio, but less than a high-risk portfolio.

The probability of losses is higher than that of a low risk portfolio, but less than a high-risk portfolio and moderate long term investment returns are expected.

Where the asset allocation contained in this MDD reflect offshore exposure, the portfolio is exposed to currency risks.

The portfolio is exposed to equity as well as default and interest rate risks.

The portfolio is recommended for for medium investment term investment horizons.

**TRANSACTION COSTS (TC)**

TC is the percentage of the value of the portfolio that was incurred as costs relating to the buying and selling of the assets underlying to the portfolio. Transaction costs are a necessary cost in administrating the Fund and impacts returns. It should not be considered in isolation, as returns may be impacted by many other factors over time, including market returns, the type of financial product, the investment decisions of the investment manager and the TER.

**TOTAL INVESTMENT CHARGE (TIC)**

TIC is the percentage of the portfolio that was incurred as costs relating to the investment of the portfolio. It is the sum of the total expense ratio (TER) and transaction costs (TC), including VAT.

**ADDITIONAL INFORMATION**

Additional information, including application forms, annual or quarterly reports: www.bcis.co.za.

Valuation takes place daily and prices can be viewed on www.bcis.co.za or in the daily newspaper.

Actual annual performance figures are available to existing investors on request.

Upon request the Manager will provide the investor with portfolio quarterly reports: www.bcis.co.za.

**PERFORMANCE FEE**

Performance fees are not levied on the portfolio.

**TOTAL EXPENSE RATIO (TER)**

TER is the percentage of the value of the portfolio that was incurred as expenses to the administration (charges, levies and fees ) of the portfolio. TER is calculated over a rolling three-year period (or since inception, where applicable) and annualised to the most recent calendar quarter. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TERs.
